“ Growing up with Doug and spending most of our summers in his backyard I was blessed to be around Dr Gillespie so much. He was generous with his time, so kind, so patient, and always moving, never stayed still, always doing something. As I am getting older, I don't know how he had so much energy. I remember playing endless ping-pong tournaments with Doug or playing around the world in the driveway and Dr Gillespie would be tinkering around the house , cutting the grass, on the porch swing, heading out to playing tennis etc... I loved his collection of National Geographic magazines so voluminous that it would have rivaled the Library of Congress. As much time as I spent at your house, your father always included me. I was included in the fun and he never forgot to include me in the work either. Once we grew up and started our lives I didn't get to see your dad too much. You kept me up to date though. Your father and mother were such a blessing to everyone who had the honor to know them. You, your sisters and brothers are all proof of how true love and kindness can form such a wonderful loving family. I am honored to have known your father.

Danielle and I are lifting up your family in our prayers, praying for peace, for blessings and for all of the memories of your father. God bless you all.

“ Dr. Gillespie was a God send to a young mother with a newborn colicky baby. I sing his praises to this day. What a gift he was to the new parents in the White Oak area and I thank God for him.

May his memory be a blessing to his family.

“ i an very sorry to hear about Dr Gillespie's passing. When I came to White Oak to open my pediatric practice in August 1976 he was most gracious as a colleague and welcomed me to the area. He also served with me as asst chairman of pediatrics under Dr Vincent Lezek. He was deeply respected by the other physician, nurses, and administration at McKeesport Hospital. As chairman of the Necrology committee of the Medical Staff i report the passing of previous members and will be acknowledging his significant contribution to the hospital and Monvalley community at the next medical staff meeting in March 2020. Again my deepest sympathy to the family. Dr Les Silberman

“ To the Gillespie family,
Although it has been many years, we spent some wonderful times together growing up at the Gillespie home. My deepest sympathy to all for your loss. Your Dad had a sense of humor that we could all appreciate. May you file those memories away for all the story times to come around the camp fires. So sorry I cannot be there on Friday to offer my condolences. Know I will be thinking of you.

“ Dear family of Dr. Gillespie (you were and will always be a second family to me and I will love all of you as such until the day that I join Harry and Eleanor): Harry was a great and kind man. He shared his family and part of his life with me. Theater at St. Vincent College (seersucker suit and bow tied), cookouts in summer and lamb with mint jelly. He was an inspiration to me and each time that I tie my bowtie to go to work, I think of him. You were very lucky to have such wonderful parents and I was also fortunate that I was allowed to share them with you for such a formative period of my life.

Rest in peace gentle Dr. Gillespie.

Rick Dell

I have to be in court in Butler County on Friday morning so I cannot attend the celebration of his wonderful life but please know that I am there with all of you kids, my forever friends, in spirit.
