“ To The family of Bert Heyz,
As an electrician foreman employed by a sub contractor to Dick Corp., I had the privilege of working with Bert at The Westinghouse Air Brake plant back in the 60s. As with all of us, time just flew by and, at a much later time, I made contact with him and we had good intentions to get together for a lunch to reacquaint. It never happened, much to my regret! From the first time I met him, I knew he was special and it was a real pleasure to be close to him. I pray the loss you all are feeling will heal as you ponder that Bert is with his Lord in a much better place.
Blessings, Ron Reibie
PS, If you have someone you want to share time with, don't put it off as I did!

“ Years ago I met this man of strong character who touched my life in many positive ways. I believe that he held himself to that level, that touching lives is a godly purpose for us. My sympathies to his family, honor him by touching the lives of people you meet in the positive way he did. I can see him dancing in paradise with his wife.
