“ *Disease is terrible, but we all have it and it's just a matter of time that we are in eternity! The disease of sin can be cured forever because Christ Jesus, paid the ultimate price and took on all our past, present and further sins. Christ Jesus, has defeated death and though Him, we can be assure that life goes on, and I am thankful and blessed that my sister has been healed though faith in her Savior. I look forward to praising our Savior, together in eternity. John 8:12*

“ *Chris was my big sister and I loved her so much and will miss her. Some of my earliest memories are with her. We shared a double bed and at night she would sweetly sing me songs that she had learned in school. I am blessed to have shared some of her last hours on this earth with her.*

*Chris was a second mother to me growing up- Her and Tom's house was a home. She was a constant in my life and someone I knew would always be there for me.
She taught me respect and to stand up for myself- Chris made me a stronger woman.
She raised a daughter that is one of the best mothers I know and a son that will forever be my brother.
I will try to smile and laugh out loud a little more- She would want us to relax and enjoy life.*
