“ I am so sorry to hear of the death of Mr. Fellner. I think when we look back on our education, we will all recall educators that truly molded who they are today. Mr. Fellner is that memory to me. He taught students in what I recall to be the most impressionable and challenging time of life. I took a lot from the classroom with Mr. Fellner, but through his control of the classroom, compassion for his career and ability to share personal life stories taught me valuable life lessons that I carry with me today. This also includes my first exposure to the band Phish who I continue to follow today. Again, I am sorry for your loss and will keep you all in my thoughts and prayers.
