“ *What do you say at a time like this to one of your 1st friends. Your 1st friends are not kids that you choose to be your friends. They are who you grow up with, who you made your 1st memories with. Who you played in the woods with, who you played dress up with, who you ate dirt with. Though out your life you made many, many friends, shared lots of experiences and made memories but they weren't the 1st ones. You are probably the strongest person I know, you have endured so much and you just kept on going. Rest in Peace my dear friend. I am sorry we never made it back to the big black rock. I love you...*
