“ Dear, Don,

*It is hard to believe that it has already been over 3 1/2 years since your passing and We (Donna, Natasha and I) truly continue to feel the emptiness. We miss receiving calls from you, and you sending Donna recipes and just taking time out talking about life in general.*

*We know that you are no longer suffering and are now in peace with our father, LORD GOD in heaven. We know that you continue to watch over us. You are LOVED and MISSED.*

*RIP,  
Love Always, Donna, & Michael and Natasha and Great Grand Children.*

“ I have known Don for over 33 years, from the day I met his Beautiful daughter Donna my better half. Don was a good, caring family man who could cook meals that you would never forget. When I first dated Donna, I remember my first time meeting Don. I had to go to the front door then sit down with Don and answers some questions he had for me like any concerning father would do with a guy dating his daughter. It was a little rough, but I understood where Don was coming from as he just wanted to make sure his daughter would be safe. With both of us (Don & I) being police officers we would occasionally talk about the job, I would attend family gatherings and Don never made me feel like an outsider. Don loved his family and friends and always went beyond the norm when celebrating family events. Don is LOVED and will be missed and I know he is another Angel watching over us
