“ *Bruce, we are so sorry for you and your families loss. I know personally that there are not enough words at this time to comfort the feeling inside, but their are the memories that you will cherish for a life time. Your wife and our friend was nothing less than a pillar of light and joy, and brought happiness in every room that she walked in. Especially in our life's, cause as you know 23 years ago she introduce me to my light and joy, and still today I thank her for that moment in time. We will miss her, but we have the memories.*

May God keep you strong, steadfast and unmovable, and give us all comfort and peace of mind to know that she was just on loan to us, and her job was well done here. To know that she is now back from whence born, watching over you and your family.
