“ Greg worked for me for more than 25 years. He started initially at our Glassport shop and continued when moved to Charleroi. His workmanship and quality was so highly regarded, that he was known as “The Standard”. He ran a Horizontal Boring Mill and was one of the finest machinists to work for the company. Greg was not a big guy in stature, but his impact at the company was huge. At the last company Christmas party Greg attended, I had him speak about his many years and memories at the company. He didn’t talk loud, so the room was silent as he spoke. On behalf of Tri-State Hydraulics, I pray for Greg’s family that they may have peace and comfort during this time. Jim Palmer, President
