“ Although I did not personally know James, I know he had to be an amazing person and would have climbed to great heights .... I am very sad to hear of his passing. I have known his mother and grandmother for years and work with his sister, Carrie. It is with great sadness that I give my condolences to all of his family and friends.

“ Seems like yesterday you were just in elementary school. (I believe a 4th grader the year I began at SA) Or maybe that it's just the way I want you to be remembered. As the genuine little guy who was certainly on the shy side but always taking everything in. You had made so many positive contributions to your own life and that of your family. You will certainly be missed forever by so many. I'm glad I had the opportunity to watch you grow up as a Gladiator. Your faithfulness to friends was evident.

God, please bring peace to both James and his family on this very sudden and tragic passing. God rest.

“ James, you were a truly bright student and soul here at CCAC. I will never forget the great leadership trip we took to Orlando. Every time students are using the soccer equipment in the gym that you advocated for, I will think of you. You will be missed. -Darren Leshner, CCAC South Student Life

“ James, you always amazed me with your knowledge and how serious you always were. I'm going to miss the jokes, and good times we all shared. I just wish we could have had one more ski trip together. We will always love you, James, you will always be loved, missed and remembered. You will forever live on in our memories.

“ *It's not going to be the same without you James. You were one of the first friends I made at CCAC. You always had my back and I always had yours. I'm going to miss even the little things like the car rides where neither of us would pick a song the other liked, all of the little jokes we had together, all of the memories are ones that will never to away. We miss you and we love you James. Rest in peace.*

“ James you don't know how much we loved you. All of my classes were always something different with you in it. You knew how to put a twist on every thought possible.

You were nothing but a good person and a great friend to me. Thank you for accepting me as I was. I'm glad I had the chance to meet a brilliant person you were.
