“ Dear Mark, Nick and Molly,

*We were so saddened to hear about Jill. You have our deepest sympathy. One memory is on Halloween taking the kids around and always talking to Jill. She would compliment me on my sons and I would compliment her on Nick and Molly. She was beautiful inside and out. .She always was cheerful and smiling. I missed all of you when you moved out of the neighborhood. I wouldn't have guessed that it was back in 2005, doesn't seem possible. I did have the pleasure of running into her at Giant Eagle perhaps five or so years ago and I enjoyed catching up with her.*

*I don't think I knew that she graduated from Churchill. I grew up in Wilkins Township and attended there as well.*

*It is a wonderful legacy to think how many students she touched with her teaching them piano. They went from not being able to play a note to playing beautiful music. I only wish I had heard Jill play the piano. She is up in heaven playing the piano for all to enjoy.*

*I know there are no words that can really be said at a time like this except to know that we are thinking of you and praying for you. . We are sending hugs to you.*

“ My dearest Mark,  
I am so sorry for your loss. My prayers and sympathy are with you  
and your family.

*My thoughts of Jill go back to her internship at WTAE. I never had to  
chance to work with her but, I will always remember her kindness,  
her beauty, and how delighted I was to learn of your marriage.*

*I can offer no words to ease your pain. I can only hope you dwell not  
on this sorrow, but the many wonderful memories of your time  
together.*

*As you know I am Native American. My tribes believe the winds can  
carry our thoughts. So, in my mind I send you a feather - the Native  
American sign of prayer, and a turtle which represents longevity and  
perseverance. In my heart I send you courage, hope, and love.*

“ Dear family and friends,  
I am so very sorry to hear of your loss. Please accept my deepest  
sympathy.

*When I think of Jill I immediately think of Michelle because they  
were always together. We were all part of the Blazers family and  
really enjoyed ( I guess!)working out together. I will always consider  
Jill as one of my dear gym buddies and will not forget our time  
together.*

*May God bless you and help you heal. Take care of yourselves now  
Sincerely,

“ I had the honor and privilege of being a high school classmate of Jill. We graduated together from Churchill class of 1983. She was a talented, hardworking and beautiful person. Her musical talents including her piano playing was a constant gift to and for us. My condolences to her family and friends. My heart breaks each time I learn of another close friend and classmate passing so young.
