“ June Marie was one of the kindest women I ever met. She was my mother's cousin and her best friend. They grew up together. We always loved her music and we have a tape that she made for my mother. I have it now and will cherish it always. When I think of June I think of her wonderful sense of humor and her music.

“ When I worked at William Penn, I had the privilege to hear June play the piano often. She was so willing to share her smile and her talent and love of music with others. Amazingly... when anyone requested a certain song - June was able to play it - to everyone's delight! She will be missed. My deepest sympathy to the family.
