“ Louise was one of my favorite residents at Good Shepherd. I loved hearing her stories and getting great advice from her. I remember the day she gave me her plant that she had in her room for almost 30 years during the re-model of her room and Louise asked me to take it home with me so that it wouldn't get ruined while she had a makeshift room in the dining room and when she was back in her newly remodeled room, I asked her if I could bring the plant back and she said no, I would like you to have it, you were the only one who took care of the plant. That plant is still in my home and is a constant reminder of the loving and unselfish woman she was. I will truly miss her.
