“ I spent time with Marty when we were young, at Norwin HS and for a few years after, before I fled to FL. In NHS metal shop Marty was exceptional. In class (using school funds) he built a car engine stand, not a small accomplishment for even a trained machinist, which he became a short time later. He did this because he needed one to work on his car(s). It's likely it's in his garage to this day.

*Martin's machinist talent also built an awesome 327 55-Chevy; a sleeper that left twin burnout trails on Woodall Ave. and elsewhere (along with many others; it looked like a drag strip - it was the 60s...).*

*Then there were the activities that more likely violated some PA statute. Like the time xx xxxxxxxxxx xxx x canoe xxxx Idlewild Park xxxx xxx Loyalhanna Creek. A delayed detonation of a "silver salute" (firecracker – legal back then) at the Eat-In-Park/Rt.30 Jeannette. The LaDonna's Pizza sugar-shaker incident, and many others*

*Then we grew up. It was good time to know Bam Bam.*

*Peace be with you Martin.*
