“ I just found out tonight Bob passed away. I am so very sorry for your loss. I was close with Bob about 20+ years ago and we remained friends. He cared so much for my son David and always said he was like a son to him. He had the biggest heart and loved his family and his pup deeply. I went camping with him and his dad near the river, got him a huge alien for Christmas one year, and made a lot of good memories. He was my friend and he will be missed.

“ *No one knows why you were burdened with a body with so many health issues and very few will ever know the amount of pain and suffering you endured over your lifetime . The one thing we do know is that you tried courageously and I'm glad I got to talk to you one last time before the day you left. You are at peace now, no more pain - Love you brother.*

“ Bobby you know you were my everything I don't know how to live without you. The day you left us The sun forgot to shine My body feels broken and my tears fall like raindrops The pain I am feeling is like a storm inside my heart It's hard to see the future without you or even make it through the day I know you will always be with me to help me find my way I know that a day will come when I will close my eyes one final time and I will be with you again You were the best brother anyone could have been blessed with The only thing that brings me comfort is to know you have no more pain and your suffering is over Rest In Peace my dear brother 🙏💔

“ *My heart is broken because I now must live life without your beautiful smile and your kind ways. We had so many plans Bob, but they'll have to wait now. Know you were loved by so many and respected by more than you will ever know. I'll miss all of our long conversations and rides we took together especially going up to the camp. Your tremendous suffering is over Bobby, now watch over us, the ones who loved you dearly just as you did when you were here with us. My love and prayers will be with you always. "Lord, open the gates of heaven and welcome your Godly servant Robert, and allow him to rest in peace forever. I miss you Bob.*
