“ My fond memories of Tracy go way back to her days as a technical writer and a purchasing professional back when BPMI was still Westinghouse PAD. Tracy was one of the kindest people with whom I ever had the pleasure of working and she had a smile that could light up a room. I recall when she interviewed for a job in procurement there, when asked why she had an interest in that position she said, “because buyers are the happiest people at PAD.” We never let her forget that. Jim and Katie, you have my deepest sympathy and David’s as well. Heaven is surely a brighter place today with Tracy there.

“ I had the pleasure of working both for and with Tracy. The memory that will forever stand out to me was an evening I was working late as a new mom and a new manager, feeling the struggles of both. Tracy assured me I was doing a good job, gave me a hug, and the next workday there was a card on my desk with the sweetest note of encouragement. That was the person Tracy was. She didn't just say the words, she showed her genuine care and compassion in her actions. I'll always remember her for her kindness; having the opportunity to work alongside her was a gift.

“ I met Tracy working on the BPMI cookbook committee. From that point forward, I had the honor of working with her on various projects. She was not only an excellent worker; but, one of the kindest people I have ever met. Always smiling. My deepest sympathies.

“ My memories of my good friend, Tracey, go way back when her daughter, Katie, was only 3 years old. I met her and her wonderful family has they were going to add an English Setter to their family. My dog, Josie, made their family complete. This dog brought together a warm and caring family for me as Tracey included me in many of their activities. I just lost a very very special friend and dog lover. Rest in peace my beloved Tracey. I will always love you, Joy

“ When Tracy was my supervisor, I let her know of my grandmother’s passing. Instead of just the expected condolences, she and I spent the next half hour connecting over our lost loved ones and our shared Irish ancestry. Those encounters and people like Tracy are the most rare, but the most memorable. What a blessing she has been to all of us!

“ Working with Tracy and then becoming a friend of hers was an honor. Some of my favorite memories would be after official phone calls with headquarters, we would call each other for a more open conversation. She would always apologize for waking me for middle of the night “hot ones”. To which I would remind her she had been woken as well. I pray for peace and comfort for her family.

“ Tracy was such a kind, considerate, and thoughtful human. I worked in her department at BPMI and always enjoyed when she'd stop at my cube every day and say "Good morning Laura!". It was always personalized and she always asked how I was doing...something so simple goes such a long way! I can positively say she took this time with everyone, which was what always made her special and put a smile on everyone's face. Sending my heartfelt condolences to all of Tracy's friends, family, and loved ones.
