“ Vaughn,
*This is the first time I've ever typed anything about your death. When I heard you were gone...I couldn't breathe...I couldn't see straight. You were my bestfriend in the whole entire world. No matter what anyone says were we're the best of friends. We went through so much together and helped eachother through hard times. I never had a friend so straight forward and honest with me. You never let me stay sad for long, you use to come up to my house and ask me what I'm doing we use to go to my house after school and you'd help me with my homework we sit and talk on the phone for hours and sometimes sneak out lol we were just inseparable. I've been thinking about you every single day and it kills me because you were so smart and I just knew you were going to be something big and now you are your an angel and I hope your enjoying your life in heaven I miss you so very much. I love you Vaughn Vid. Always and Forever.
R.I.P my angel. Until we meet again.*

“ Vaughn,

*In the beginning, you joined track to keep me company. We were the slowest ones, we would run a few laps, and then you would up and leave before practice was over. You bought me my first *pink* fishing rod and taught me everything you knew. I'll never forget you not being able to catch anything that day. You had a heart of solid gold and I'll always remember everything. I still have that necklace you left on my porch and the letter you wrote to my Mom and Dad. I could write more but I'll always hold onto anything you gave me, your texts, and voicemails. I never wanted to have to write this, I'll miss you. Stay close.*

Ps: "Somewhere with You"

Lauren
