“ We only connected a short time ago via the 23 & Me research and discovered we were related.
In this short time, tho we never met, but from a few phone calls,we connected and caught up a bit.
So sad that we didn't get to physically meet and hang out,I'm sure that it would've been wonderful.
You were definitely a free spirit, and with such love for humanity.
RIP sweet Victoria...😭

“ *Our college years together shaped and transformed us. Unforgettable experiences and the highs and lows of those rich times. We didn't have nor need anything but each other. It is the same now in this time of loss.*

*Vikki is our cherished friend forever. Even now I hear her encouraging and cajoling me on. We selfishly hope that time will replace the sting of this moment and leave us all only with the sweet memories of our great times together. Rest In Peace. Mike Knight

“ I can only echo Gen's heartfelt sentiments. All of us who knew Vikki from the Lake State days have had the same experience. Vikki was a sister, friend, confidant, and consul. She was always a guiding light through the dark of the long winter nights. When you were down, she lifted you up. When you were troubled, she eased your soul. When you were in your darkest time, she'd light a candle and guide you out. Our connection waxed and waned over the last 44 years, but our friendship never did. And even now as she has passed from this vale, she is still with us, her family and friends, until we too join her on the other side.

“ My heartfelt condolences on Vikki's passing. She was a treasured friend for 44 years dating back to our time together at Lake Superior State University. Vikki was a force of nature who was a fierce advocate for the underprivileged. She loved her son, Evan, like no other and was the glue that bonded those who were fortunate to be in her orbit. She overcame much adversity in life and maintained a largely positive outlook despite it. She will be missed by all who knew her and leaves a huge void behind. May she rest in peace.
